This addendum is to provide all potential applicants with [answers](#) to questions received in reference to this Notice of Funding Opportunity.

Question / [Answer](#)

- 1. The request for applications mentions \$30,000 as the maximum award twice, and \$20,000 once. Could you clarify the maximum award?**

[The maximum award amount is \\$30,000.](#)

- 2. On one of the documents it seems that you would prefer applicants first apply for an inventory one year then a management plan the next, etc. If our City already has a Tree Canopy Inventory could we apply for the Tree Planting and Info/Education out the gate or would we need to do the other categories with FDACS first?**

[This program is a one-year grant and any project that meets the requirements of an approved category is eligible. There are no preferences or prerequisites for any of the project categories of this funding opportunity.](#)

- 3. Are there any details regarding the workforce development aspect of the Information & Education category that are especially prioritized by the Department?**

[No.](#)
