

FLORIDA DEPARTMENT OF TRANSPORTATION

Question and Answer NO. 1

10/14/2021

RE: ITB #: DOT-RFP-22-4004-CF

RFP TITLE: Districtwide Contamination Assessment and Remediation (CAR) Services

OPENING DATE: 10-27-2021

Notice is hereby given of the following answers to questions regarding the above-referenced RFP:

| #  | Question  | Answer  |
|----|---|---|
| 1. | Please clarify that the pictures used throughout the proposal will not count against an organization and it may extend the proposal beyond the 17 pages.  | All criteria referred to in Section 22.2, Technical Proposal of the RFP cannot exceed the 17-page limit.  |
| 2. | Will the Department be providing MOT, boat, bucket truck, snooper etc for those activities under Section 13.  | No, the Vendor will need to provide the equipment. We don't anticipate MOT being required on this contract under Section 13.  |
| 3. | May we prepare our Team Organizational Chart on 11x17?  | Yes, you may use 11x17 only for the Organizational Chart.   |
| 4. | Will there be a Shortlist Developed, and if yes, will Shortlisted Firms/Teams be given the Opportunity to Present Qualifications and/or Interview for this Potential Contract?  | No, there will be no shortlisted firms. This procurement does not allow for presentations or interviews.  |
| 5. | Would the submission of significantly unbalanced pricing by any Bidder cause them to be deemed Non-Responsive? (i.e. Low Bidding individual items such as expensive Equipment that is greatly out of proportion with pricing from other Bidders)  | Yes, it's possible.   |
| 6. | Lastly, it was mentioned during the Pre-Proposal Meeting that there will be <b>TWO Contracts</b> (one for Levels 1, 2 and 3; and one for Levels 1 and 2 ONLY) and that an individual Bidder will NOT be Awarded both contracts; Will the Proposal Due Date for the second contract be BEFORE the first contract is awarded on 12/13/21? It was also mentioned in the Pre-Proposal Meeting that ONLY 1 Contract will be Awarded for EACH of the two Contracts, so if we want to be considered for at least one of the two, we will need to prepare a Proposal Response for BOTH – Is that correct? | Yes, the proposal due date for the second contract will be due before the award of the first contract.<br>Yes, you will need to prepare a proposal response for both. |

**Proposers must acknowledge receipt** of this document by completing and returning to the Procurement Office with their Proposal via email at [D4.Purch@dot.state.fl.us](mailto:D4.Purch@dot.state.fl.us), by no later than the time and date of the proposal opening. **Failure to do so may subject the Proposer to disqualification.**
