

**DMA-ITB-273 – CR-215 CLEARCUT TIMBER SALE
QUESTIONS AND RESPONSES**

1. Is it cut already or we log and haul away?

Bidders need to provide a stumpage price for standing timber, on the stump.
The buyer is responsible for all aspects of harvesting the timber.

2. How much tonnage?

We do not provide any tonnage numbers for lump sum sales. Bidders are welcome to schedule a time to come out and cruise the stand or to just take a look.
