Article 1, section 24, Florida Constitution, guarantees every person access to all public records, and section 119.011, Florida Statutes, provides a broad definition of “public record.” As such, all Proposals are public records unless exempt by law. If the Respondent considers any portion of the material submitted in response to this solicitation to be Confidential Information, the Respondent is to mark the document as “Confidential” and simultaneously provide the Department with a separate, redacted copy of its Proposal. For each portion of material redacted, the Respondent is to briefly describe in writing the grounds for claiming exemption, including the specific statutory citation for such exemption. On the cover of the redacted copy, the Respondent is to provide its name and the Department’s solicitation name and number shall be clearly titled “Redacted Copy.” Only portions of material that the Respondent claims are Confidential Information are to be redacted.

In accordance with section 119.0701, Florida Statutes, sealed Proposals received by an agency pursuant to a competitive solicitation are exempt from public records requests until such time as the Department provides notice of an intended decision or until thirty (30) days after opening the Proposals, whichever is earlier. After that time, the Department will provide the redacted copy, if any, in response to a public records request.

If a requestor asserts a right to the Confidential Information, the Department will notify the Respondent such an assertion has been made. It is the Respondent’s responsibility to take the appropriate legal action

to assert that the information in question is exempt from disclosure under Chapter 119, Florida Statutes, or other applicable law.

If the Department becomes subject to a demand for discovery or disclosure of the Confidential Information of the Respondent in a legal proceeding, the Department will give the Respondent prompt notice of the demand or request. It will be the Respondent's responsibility to take the appropriate legal action in response to the demand and for defending its claims of confidentiality. If the Respondent fails to take appropriate and timely action to protect the materials it has designated as Confidential Information, the Department will produce the materials to the requester.

By submitting a Proposal, the Respondent agrees to protect, defend, and indemnify the Department for all claims arising from or relating to the Respondent's determination that the redacted portions of its Proposal are Confidential Information. **If a Respondent fails to submit a redacted copy of information it claims is Confidential Information, the Department is authorized to produce the entire documents, data, or records submitted to the Department in response to a public records request for, or demand for discovery or disclosure of, these documents, data, or records.**

#### **2.14 General Instructions to Respondents (PUR 1001 Form), General Contract Conditions (PUR 1000 Form), and Special Instructions**

In the event of any conflict between Form PUR 1001 and this solicitation, the terms of this solicitation will take precedence over the Form PUR 1001 unless the conflicting term is required by any section of the Florida Statutes (F.S.), in which case the term contained in PUR 1001 shall take precedence. The PUR 1001 and the PUR 1000 forms can be found at:

[https://www.dms.myflorida.com/business\\_operations/state\\_purchasing/state\\_agency\\_resources/state\\_purchasing\\_pur\\_forms](https://www.dms.myflorida.com/business_operations/state_purchasing/state_agency_resources/state_purchasing_pur_forms)

The Department is permitted by the Florida Administrative Code to override the provisions of both forms. Accordingly, Sections 4, 8, 10, 13, 16, 18, 19, and 20 of PUR 1001 form do not apply to this solicitation and are instead substituted by the instructions, specifications, and other terms contained throughout this RFP.

**Sections 3, 4, 5, 7, 9, and 14 of the PUR 1001 (General Instructions) are inapplicable and are replaced as follows:**

#### **Section 3. Electronic Submission of Responses**

Proposals shall be submitted in accordance with section 3.1, Submittal of Proposals, of this RFP.

#### **Section 4. Terms and Conditions**

All responses are subject to the terms of this solicitation, which, in case of conflict, shall have the order of precedence listed in section 2.2, Order of Precedence, of this RFP.

The Department shall not accept any unrequested terms or conditions submitted by a Respondent, including any appearing in documents attached as part of a Respondent's Proposal. In submitting its Proposal, a Respondent agrees that any additional terms or conditions, whether submitted intentionally or inadvertently, shall have no force or effect.

The Department may treat Respondent's use of a subcontractor not disclosed during the RFP process or approved by the Department as a breach of the Contract.

Health care providers are not considered subcontractors. Rented networks are also not considered subcontractors and the successful Respondent(s) using rented networks will not be excused from performance should the rented network become unavailable to the Respondent(s) at any time.

Any processes, services, and Deliverables that are subcontracted or provided by a subsidiary or third party (e.g., via a rental network), including but not limited to, the provider network, clinical management, customer service, disease management vendors, printing services, and so forth, shall be managed through the Respondent and be seamless and transparent to both the Participants and the Department.

## **2.17 Protests**

Section 120.57, Florida Statutes, applies to this solicitation, as modified by section 110.123(3)(d)4, Florida Statutes. By submitting a Proposal, Respondent agrees to the protest procedures prescribed herein.

### **2.17.1 Time Limits for Filing Protests**

A **formal written protest petition** of any decision, intended decision, or other action subject to protest shall be filed **within seventy-two (72) hours** after the posting of the Department's notice of decision, intended decision, or other action in accordance with section 110.123(3)(d)4, Florida Statutes.

### **2.17.2 Bond Must Accompany Protest**

When protesting a decision or intended decision (including a protest of the terms, conditions, and specifications of the solicitation), the protestor must post a bond equal to one percent (1%) of the Department's estimated Contract amount. The estimated contract amount for any protest of this procurement is \$34,500,000.

The estimated Contract amount is not subject to protest. The bond must be conditioned upon the payment of all costs and charges that are adjudged against the protestor in the administrative hearing in which action is brought and in any subsequent appellate court proceeding. In lieu of a bond, the Department may accept a cashier's check, official bank check, or money order. An original cashier's check, official bank check, or money order must be posted in the same fashion as a protest bond.

**FAILURE TO TIMELY POST AN ORIGINAL BOND OR OTHER SECURITY REQUIRED BY LAW WILL CONSTITUTE A WAIVER OF PROCEEDINGS UNDER CHAPTER 120, FLORIDA STATUTES.**

**2.17.3 Filing a Protest**

A formal written protest is “filed” when **actually received** by the Department’s Agency Clerk. Filing of a formal written protest may be achieved by hand-delivery, courier, mail, facsimile, or email. Actual delivery by the deadline is the sole responsibility of the protestor, and the risk of non-receipt or delayed receipt shall be borne exclusively by the protestor.

A protest bond must be posted together with the formal written protest. A protest bond is “posted” when the original bond is physically tendered to the Agency Clerk. Bonds (and cashier’s checks, official bank checks, or money orders) cannot be posted by facsimile, email, or other transmission that does not result in the original being physically tendered to the Department. Actual posting of a bond by the deadline is the sole responsibility of the protestor, and the risk of non-receipt or delayed receipt shall be borne exclusively by the protestor.

**FAILURE TO FILE A PROTEST WITHIN THE TIME PRESCRIBED IN SECTION 120.57(3), FLORIDA STATUTES (as altered by section 110.123(3)(d)4, Florida Statutes), OR FAILURE TO POST THE BOND OR OTHER SECURITY REQUIRED BY LAW WITHIN THE TIME ALLOWED FOR FILING A BOND SHALL CONSTITUTE A WAIVER OF PROCEEDINGS UNDER CHAPTER 120, FLORIDA STATUTES.**

**2.18 Department’s Reserved Rights**

**2.18.1 Waiver of Minor Irregularities**

The Department reserves the right to waive minor irregularities when doing so would be in the best interest of the State of Florida. An irregularity is not material and therefore, minor, when it does not give the Respondent a substantial advantage over other Respondents and thereby restrict or stifle competition. At its option, the Department may allow a Respondent to correct minor irregularities but is under no obligation to do so. In doing so, the Department may request a Respondent to provide clarifying information or additional clarifying material to correct the irregularity. However, the Department will not request, and a Respondent may not provide the Department with, additional materials that affect the price of the Proposal or give the Respondent an advantage or benefit not enjoyed by other Respondents.

**2.18.2 Right to Inspect, Investigate, and Rely on Information**

### **2.18.4 Withdrawal of RFP**

The Department reserves the right, after posting notice thereof, to withdraw or amend its notice of intent to award at any time prior to execution of a Contract and the Department will have no liability to any Respondent if it does so.

### **2.18.6 No Contract Until Execution**

A notice of intent to award under this RFP does not constitute or form any contract between the Department and a Respondent. No contract shall be formed until such time as the Respondent and the Department formally execute a contract with requisite written signatures.

## **Section 4 EVALUATION METHODOLOGY**

The Department intends to award a Contract(s) to the responsible and responsive Respondent(s) whose Proposal(s) is determined to be most advantageous to the State, considering all of the

evaluation criteria. The Department anticipates awarding a single Contract, but reserves the right to award multiple Contracts its sole discretion.

#### **4.1 Evaluation Process - General Overview**

The Department will appoint evaluators who will evaluate and score the Technical Information Response (section 8) of the responsive Proposals using the evaluation criteria and the scoring guidelines set forth below in sections 4.2 and 4.3. The Procurement Officer will review and score the Financial Proposal (Attachment B) using the evaluation criteria and the scoring guidelines set forth below in sections 4.2 and 4.3.2.

The Department will evaluate and score Proposals consistent with sections 4.2 and 4.3 below.

#### **4.2 Evaluation Criteria**

The following evaluation criteria shall apply for this RFP:

- The Technical Information Response counts as fifty-five percent (55%) of the overall score, as described in section 8, and will be evaluated and scored as specified in this section and sections 4.3 and 4.3.1, below.
- The Financial Proposal counts as forty-five percent (45%) of the overall score and will be calculated based on section 10 and Attachment B, and will be evaluated and scored as specified in this section and section 4.3.2.

#### **4.3 Evaluation of the Technical Information Response**

The evaluators will independently review and evaluate the Technical Information Response of the Proposals deemed responsive. Using the assessment scale below, the evaluators will assign scores zero (0) to five (5) based on the quality of each response to the twenty-five (25) Technical Information questions and requests for information. Sections 8.1 through 8.25 of this RFP are each a question or request for information containing a subset of questions or requests.

In determining the quality of a Respondent's responses, the evaluators will use the following guiding questions:

- How well does the Respondent address the question(s) and issue(s) presented?
- How well does the Respondent describe the requested solution, plan, or its capabilities to carry out the plan or solution and has Respondent fully answered each question or request for information?
- How well does the Respondent demonstrate its ability to provide the Services?
- Does the Respondent's response meet the needs of the Division and the Subscribers that would be covered under this plan compared to the other proposals received?
- How well does the Respondent articulate its approach, and the ability of its approach to meet the Department's needs and the requirements of this RFP?
- How well does Respondent's track record and the overall professional experience demonstrate Respondent's ability to provide the proposed services?

The following assessment scale will be used to evaluate each response to the Technical Information questions and requests for information:		
Evaluator Score	Assessment	Assessment Criteria
5	Superior	The response exhaustively addresses the evaluation requirement and demonstrates Respondent has extraordinary experience and ability in performing the required services related to the requirement. The response indicates Respondent would provide exceptionally enhanced value to the State and/or to Subscribers. Enhanced value may include, but is not limited to, demonstrated ability of the Respondent to exceed the State's requirement, provide superior quality of service levels, provide cost savings or cost avoidance to the State, provide substantive credentialing, and/or implement innovative ideas.
4	Excellent	The response extensively addresses the evaluation requirement and demonstrates exceptional experience and ability in performing the required services related to the requirement. The response indicates Respondent would provide enhanced value to the State and/or to Subscribers
3	Adequate	The response adequately addresses the evaluation requirement and demonstrates Respondent has sufficient experience and ability in performing the required services related to the requirement.
2	Poor	The response minimally addresses the evaluation requirement or demonstrates Respondent has limited experience and ability in performing the required services related to the requirement.
1	Unsatisfactory	The response inadequately addresses the evaluation requirement or demonstrates Respondent has very limited experience and ability in performing the required services related to the requirement.
0	Inadequate	No response is provided or the response provided does not address the evaluation requirement or does not demonstrate Respondent has experience in performing the required services related to the requirement.

#### 4.3.1 Scoring of Section 8: Technical Information Response (625 Points)

The Technical Information Response counts as fifty-five percent (55%) of the overall score. Evaluators will score responses to section 8, Technical Information Response, worth a total max raw score of 125 points. Each response to the twenty-five (25) questions and requests for information will be scored and may earn up to five (5) max raw points per question/request for information. After the responses have been scored on the five (5) point scale, the max raw points will be multiplied by five (5) for a maximum possible weighted score of 625 points.

All evaluators' raw points for each Respondent will be added together to achieve each Respondent's total raw score. The Respondent with the highest total raw score will receive the maximum 625 points and each subsequent Respondent will receive proportional points. The formula for the proportion of total weighted points received is:

$$(\text{total raw score} / \text{highest raw score}) \times 625 = \text{Respondent's weighted points}$$

For example, in a situation with three (3) Respondents, where the highest total raw score for a Respondent is 344, the Respondent's weighted points will be calculated as follows:

Respondent A:  $(300 / 344) \times 625 = 545$

Respondent B:  $(250 / 344) \times 625 = 454$

Respondent C:  $(344 / 344) \times 625 = 625$

The Respondent's points for the Technical Information Response will not be rounded.

#### **4.3.2 Scoring of Section 10: Financial Proposal (510 points)**

The Financial Proposal counts as forty-five percent (45%) of the overall score. Each Plan Design must have a corresponding monthly premium rate for all Plan Years (Initial and Optional Renewal Terms) and enrollment tiers that are submitted according to the instructions in Attachment B. The Procurement Officer will base scoring of section 10 on the proposed monthly premium rates for all years of the Contract term. The Respondent's monthly premium rates will be calculated in Attachment B to produce the Initial and Optional Renewal Term Total Contract Amounts. The Initial Term Total Contract Amount will be weighted at seventy percent (70%), and the Optional Renewal Term Total Contract Amount will be weighted at thirty percent (30%).

The Procurement Officer will score section 10, Financial Proposal, worth a maximum possible score of 510 points, in accordance with the Pricing Formula in Attachment B. The Respondent's score for the Financial Proposal will not be rounded.

#### **4.4 Final Selection and Notice of Intent to Award Contract**

##### **4.4.1 Award Selection**

If an award is made, the Department will award to the Respondent(s) with the highest overall score. The overall score is the total of the scores for the Technical Information Response and Financial Proposal, based on the Evaluation Criteria in section 4.2.

The Department reserves the right to award one (1) or more Contract(s) as determined to be most advantageous to the State and to accept or reject any and all Proposal(s) or separable portions and to waive any minor irregularity.

##### **4.4.2 Proposal Disqualification**

Proposals that do not meet all requirements, specifications, terms, and conditions of the solicitation or failure to provide all required information, documents, or materials may be rejected as non-responsive. A Respondent whose Proposal, past performance, or current status do not reflect the capability, integrity or reliability to fully and in good faith perform the requirements of this solicitation may be deemed non-responsive or be found not responsible by the Department. The Department reserves the right to determine, at any time, which Proposals meet the requirements of this solicitation and which Proposals are responsive and which Respondents are responsive and responsible.

#### **4.5 Rights for Award**

The Department may take any of the following actions:

- Make a single or multiple award(s) or to make no awards at all. Even if a single Respondent is awarded the Contract, such award will not restrict the Department from procuring additional vendors to provide the services during the term of the Contract (as further specified in section 3.10 of the Draft Contract);
- Determine the responsiveness or responsibility of a Respondent or Proposal at any time;
- Award to, and contract with, the Respondent with the next highest score in the event that the Department is unable to contract with the initially or subsequently awarded Respondent;
- Reject all Proposals and determine whether to reissue a competitive solicitation; and
- Withdraw or cancel the procurement at any time prior to execution of a Contract, including after posting a Notice of Intent to Award.

Any reservation or listing of reservations of the Department's rights provided in this RFP is not intended to be exhaustive and shall not be construed to limit the rights of the Department in conducting this procurement.

#### **4.6 Posting Notice of Intent to Award**

If the Department decides to award a Contract(s), it will post a Notice of Intent to Award Contract, stating its intent to enter into one (1) or more Contracts with the Respondent identified therein, on the VBS website:

[http://vbs.dms.state.fl.us/vbs/main\\_menu](http://vbs.dms.state.fl.us/vbs/main_menu)
