SECTION 1: General Information

1.1 BACKGROUND

The Early Learning Coalition of Orange County (hereinafter referred to as "Coalition"), is a 501(c) (3), not-for-profit, formed to establish and improve early education programs for the more than 18,000 children birth through age five in Orange County.

In 1999, the Legislature enacted the School Readiness Act (s. 411.01, Florida Statutes (FS)), which consolidated the state's early childhood education and child care programs into one integrated program of school readiness services. The Act directed that school readiness programs would be administered by school readiness coalitions (now known as the Early Learning Coalitions) at the county or multi-county level. The Coalition is coordinated by the State of Florida's Office of Early Learning, and is one of 31 Coalitions in the state.

The Coalition plans and implements the coordination of school readiness services throughout Orange County. The Coalition's goal is to improve the quality of services administered by early education and childcare providers that care for children under the age of five. The Coalition also works to raise awareness of the importance of quality early education and directs resources to income-eligible parents.

1.2 PURPOSE

The purpose of this Request for Proposals (hereinafter referred to as "RFP") is to search for a vendor to provide support for the Coalition's data network and other IT functions as described in this solicitation, with an estimated funding level of \$43,800. The Coalition seeks to fund Proposals that will provide a comprehensive set of IT services in Orange County. The Coalition will select a single vendor to provide the services described herein.

It is the proposer's responsibility to examine the RFP, and become familiar with statutes, laws and rules affecting this RFP to determine that the Coalition's requirements are clearly stated, and to submit its proposal in a timely, complete, and procedurally correct manner. The services described in this RFP will be procured in accordance with Chapter 287.057, FS.

1.3 Renewals

The initial contract shall be for a period of one year effective July 1, 2017 through June 30, 2018, and may be renewed for a period not to exceed the greater of two years or the term of the original contract. The Contract will be awarded through written notice to the qualified and responsive Proposer whose proposal is determined to be most advantageous to the Coalition, taking into consideration price, quality, and other criteria as indicated within this document. The Proposer must demonstrate the ability to meet ALL the requirements defined in this document.

Renewal of a contract for commodities or contractual services shall be in writing and shall be subject to the same terms and conditions set forth in the initial contract. If the commodity or contractual service is purchased as a result of the solicitation of bids, proposals, or replies, the price of the commodity or contractual service to be renewed shall be specified in the bid, proposal, or reply to this solicitation. A renewal contract may not include any compensation for costs associated with the renewal.

Renewals shall be contingent upon:

- a) satisfactory performance evaluations by the Coalition
- b) availability of funds as determined by the Coalition Board of Directors
- c) changes in programmatic or service related needs as determined by the sole discretion of the Coalition.

The Contract may also be affected by any changes in statute, funding or rule that may arise during the contract period.

2.18. EVALUATION CRITERIA AND RFP SCORING METHODOLOGY

A Proposal Review Committee will be convened by the Coalition's Executive Director to assess each Proposer's response. Each member of the Proposal Review Committee will assess Proposals using the RFP Rating Tool in **Appendix B**.

The RFP rating tool contains evaluation criteria and indicators to assess the degree to which the Proposer's response meets the criteria. The evaluation will consider the Proposer's plans to develop

innovative strategies and creatively use and allocate resources. Each Proposal will be awarded a total point value by each committee member.

The Tool contains two sections, Initial Screening, and Quantitative Evaluation Criteria. The initial screening consists of a series of pass or fail questions that ensure respondents meet certain compliance items. Responses that are incomplete or do not satisfactorily address every requirement may be disqualified. The second portion, Quantitative Evaluation Criteria is based on the Minimum Requirements set forth in Section 3 below, and assigns a maximum point value to a series of questions that ensure the respondents have satisfactorily addressed each and all requirements. Responses submitted by Proposer must be concise and comply with the RFP page limit requirements of 20 pages. Response page limit excludes the required exhibits and the budget proposal. Submitted pages may be double-sided. Proposer will be judged based on overall score achieved. Proposer may be required to present their proposal to the evaluation committee.

The evaluation process is designed to assess the Proposer's ability to meet the Coalition requirements and to identify the Proposer likely to satisfy those requirements. The evaluation process will be conducted in a thorough and impartial manner at a proposal evaluation committee meeting held according to Ch. 286, F.S. Proposers are advised to periodically check the Coalition website calendar for the scheduled date, time, and location of this session, should changes occur. Proposers should also reference **Section 2.4** which contains a list of the currently scheduled events in connection with this RFP.

Subsequent to the end of the evaluation process, the proposal evaluation committee will rate Proposers, who in their judgment, best meet the needs and requirements of the Coalition. While price is an important factor in selecting Proposer(s) for an award, other factors in the competitive process will be considered and may take precedence over price. Those factors may include, but are not limited to, the following: quality of service offered, operating characteristics, technical innovations, administrative capability, previous experience in providing the same or similar services, and the ability to achieve the deliverables as specified in Section 3.

The Coalition's Board of Directors, in its sole discretion, may elect not to award a Contract to any Proposer under this solicitation. Proposer(s) may be selected for further evaluation in the context of an oral presentation, in-person interview, conference calls, or a combination of the foregoing. References may be checked and background checks may be performed to verify information submitted in the Proposals.

2.19 BEST PRICING OFFER

During the contract term, if the Coalition becomes aware of better pricing offered by the Contractor for substantially the same or a smaller quantity of a product or service outside the contract, but upon the same or similar terms of the contract, then at the discretion of the Coalition the price under the contract shall be immediately reduced to the lower price.

The factors shown in the table will be considered in scoring the quality of the written responses and it is in the Respondent's best interest to address these factors in their response.

Scoring Factors
1. Does the proposer have the minimum years of experience, seven (7) years, in computer performance management?

FINANCIAL AND COMPLIANCE AUDIT

Relationship: The Coalition has identified the selected Proposer as a Vendor. For all subrecipients, the described audit requirements will apply as described here. Based on estimated funding for this grant, the following audit requirements apply:

Federal Single Audit Act (**2 CFR §200**) Florida Single Audit Act (s. 215.97, F.S.)

The administration of resources awarded by the Office of Early Learning (OEL) and of all related public, private funds and local resources received and expended for the state's early learning programs will be subject to audits and monitoring by the Office as described in this attachment.

Monitoring: In addition to reviews of audits conducted in accordance with 2 CFR §200 and s. 215.97, F.S., as revised, the Coalition and/or OEL may conduct or arrange for monitoring of the Proposer's activities. Such monitoring activities may include, but are not limited to, onsite visits by Coalition staff or contracted consultants, limited scope audits as defined by 2 CFR §200, and/or other procedures. By entering into the agreement, the Proposer agrees to comply and cooperate with any monitoring procedures/processes the Coalition deems appropriate. The Proposer further agrees to comply and cooperate with any inspections, reviews, investigations or audits deemed necessary by the USDHHS, the Florida DFS or the Florida Auditor General.

For State or local government entities, a Single Audit performed by the Auditor General shall satisfy the requirements of this attachment.

PART I: FEDERALLY FUNDED

This part is applicable if the Contractor is a state or local government or a non-profit organization as defined in Code of Federal Regulations (CFR) Title 2, Subtitle A, Chapter II, Part 200, Part 200-Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards, as revised. The CFR can be found in: http://www.ecfr.gov/cgi-bin/text-idx?SID=2067a16fcda86574fb24bbac8f7bb4f2&mc=true&node=se2.1.200_1501&rgn=div8

Audit required. A non-Federal entity that expends \$750,000 or more during the non-Federal entity's fiscal year in Federal awards must have a single or program-specific audit conducted for that year in accordance with the provisions of this part.

Single audit. A non-Federal entity that expends \$750,000 or more during the non-Federal entity's fiscal year in Federal awards must have a single audit conducted in accordance with 2 CFR §200.514 Scope of audit except when it elects to have a program-specific audit conducted in accordance with paragraph c of this section.

Program-specific audit election. When an auditee expends Federal awards under only one Federal program (excluding R&D) and the Federal program's statutes, regulations, or the terms and conditions of the Federal award do not require a financial statement audit of the auditee, the auditee may elect to have a program-specific audit conducted in accordance with §200.507 Program-specific audits. A program-specific audit may not be elected for R&D unless all of the Federal awards expended were received from the same Federal agency, or the same Federal agency and the same pass-through entity, and that Federal agency, or pass-through entity in the case of a subrecipient, approves in advance a program-specific audit.

Exemption. When Federal awards expended are less than \$750,000. A non-Federal entity that expends less than \$750,000 during the non-Federal entity's fiscal year in Federal awards is exempt from Federal audit requirements for that year, except as noted in §200.503 Relation to other audit requirements, but records must be available for review or audit by appropriate officials of the Federal agency, pass-

through entity, and Government Accountability Office (GAO).

Federally Funded Research and Development Centers (FFRDC). Management of an auditee that owns or operates a FFRDC may elect to treat the FFRDC as a separate entity for purposes of this part.

Subrecipients and Contractors. An auditee may simultaneously be a recipient, a subrecipient, and a contractor. Federal awards expended as a recipient or a subrecipient is subject to audit under this part. The payments received for goods or services provided as a contractor are not Federal awards. Section §200.330 Subrecipient and contractor determinations sets forth the considerations in determining whether payments constitute a Federal award or a payment for goods or services provided as a contractor.

Compliance responsibility for contractors. In most cases, the auditee's compliance responsibility for contractors is only to ensure that the procurement, receipt, and payment for goods and services comply with Federal statutes, regulations, and the terms and conditions of Federal awards. Federal award compliance requirements normally do not pass through to contractors. However, the auditee is responsible for ensuring compliance for procurement transactions which are structured such that the contractor is responsible for program compliance or the contractor's records must be reviewed to determine program compliance. Also, when these procurement transactions relate to a major program, the scope of the audit must include determining whether these transactions are in compliance with Federal statutes, regulations, and the terms and conditions of Federal awards.

A website that provides links to several Federal Single Audit Act resources can be found at: <https://harvester.census.gov/facweb>.

PART II: STATE FUNDED

The provisions of this part are applicable if the Contractor is a non-state entity as defined by section 215.97(2), Florida Statutes (the Florida Single Audit Act).

In the event the Contractor expends \$500,00 or more of state financial assistance in any fiscal year, the Contractor must have a state single or project-specific audit conducted in compliance with s. 215.97, F.S.; applicable rules of DFS and chapter(s) 10.550 (Local Governmental Entities) or 10.650 (Nonprofit and For-Profit Organizations), Rules of the Auditor General. In determining the state financial assistance expended in its fiscal year, the recipient shall consider all sources of state financial assistance, including state financial assistance received from DOE, other state agencies and other non-state entities. State financial assistance does not include federal direct or pass-through awards and resources received by a non-state entity for federal program matching requirements.

In connection with the state-funded audit requirements above, the Contractor shall ensure the audit complies with the requirements outlined in s. 215.97(8), Florida Statutes. This includes submission of a financial reporting package as defined by section 215.97(2), Florida Statutes, and Chapters 10.550 (local governmental entities) or 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General.

If the Contractor expends less than \$500,000 in state financial assistance in its fiscal year, an audit conducted in accordance with the provisions of section 215.97, Florida Statutes, is not required. In the event that the Contractor expends less than \$500,000 in state financial assistance in its fiscal year and elects to have an audit conducted in accordance with the provisions of section 215.97, Florida Statutes, the cost of the audit must be paid from the non-state entity's resources (i.e., the cost of such an audit must be paid from the Contractor's resources obtained from other than state entities).

Pursuant to s. 215.97(8), F.S., state agencies may conduct or arrange for audits of state financial assistance that are in addition to audits conducted in accordance with s. 215.97, F.S. In such an event, the state awarding agency must arrange for funding the full cost of such additional audits.
