- Have you completed, signed, and included the **Respondent Bid Format** form, **Bid Sheets**, **Bidder Acknowledgement** form, and the **Respondent Information** form (**pages 18 through 27**)? Have you verified all amounts to ensure that they are complete and accurate?
- If a conflict of interest exists as described in *Section 1.7 Conflict of Interest*, have you included a statement of disclosure?
- Have you selected the method of shipping (in person, by mail, or commercial courier) that will ensure that your bid will arrive before the deadline?
- Is your envelope properly marked and is there one printed copy of the bid included? See *Section 1.13 Submission and Withdrawal* of this ITB for further details. All incoming correspondence is opened when received unless properly marked for a specified opening date and time. If your bid is opened prior to the designated date and time, it cannot be considered.

## PART 4

### EVALUATION OF BIDS

The contract will be awarded in the best interest of the District, based on the lowest amount bid submitted by the respondent considered qualified by the District. The District anticipates awarding the contract to the respondent that meet the following criteria:

- A. Vendor submits a qualified responsive bid judged by the District to be the lowest amount bid as entered on the **Bid Sheets and Bidder Acknowledgement** form, Pages 21-26.
- B. If two or more bids are tied, the tie will be broken by the respondent earning the most points from the following, each being assigned one point for a total of up to three points: (1) to the respondent that certifies compliance with s. 287.057(11), F.S., as a certified minority business enterprise; (2) to the respondent that certifies compliance with s. 295.187(4), F.S., as a certified veteran's business enterprise; and (3) to the respondent that certifies compliance with s. 287.087, F.S., having implemented a Drug-Free Workplace program. If there is still a tie, the tie will be broken by lot (for example, coin toss).

**Contractor**  
**(NFWWMD Contract Number 21-0XX)**

This Agreement (the “Agreement”) is by and between the Northwest Florida Water Management District (hereinafter, the District) and [REDACTED] (hereinafter, the Contractor). The District and the Contractor hereby agree as follows:

**SECTION 1. SCOPE OF SERVICES**

**A. General**

1. The Contractor shall perform and render all services as an independent Contractor of the District and not as an agent, representative, or employee of the District. Services (the “Work”) shall be provided in accordance with the Contractor’s bid response submitted under Invitation to Bid (ITB) 21B-004 entitled **Sign Fabrication Services** set forth in EXHIBIT 1 attached hereto and incorporated herein by reference.
2. The contract documents (“Contract Documents”) which make up this Agreement consist of: (i) this Agreement document, (ii) Invitation to Bid (ITB) 21B-004, (iii) Contractor’s bid response, (iv) technical specifications, (v) all addenda issued prior to the execution of this Agreement, (vi) the proposal submitted by the Contractor, and (vii) all modifications issued subsequent thereto. The Contract Documents are part of this Agreement as if attached to this Agreement, whether or not they are actually attached.
3. Prior to the Contractor’s commencement of Work, the bid bond for 21B-004 Sign Fabrication Services in the amount of \$5,000 shall be converted to a performance bond or the Contractor may provide a separate Performance Bond, in the form of a Surety

Bond, at the time of execution of the Agreement. The Performance Bond will be required for the Work in accordance with the specifications contained in SECTION 7.

4. Prior to the Contractor's commencement of Work, the District shall provide and transmit to the Contractor an approved Notice to Proceed in the form of an email. The Contractor shall commence Work within ten (10) days of issuance of a Notice to Proceed by the District.
5. All Work shall be performed in accordance with the specifications and requirements contained in the Scope of Work section below.

## **B. Background**

The District anticipates hiring a Contractor to provide professional sign fabrication services. These signs are needed for property and recreation site identification and information, and for wayfinding purposes associated with District-owned lands throughout northwest Florida.

## **C. Scope of Work**

The Contractor will be issued Task Orders to fabricate specific quantities of signs in accordance with the designs and specifications contained in Table 1 and Exhibit 1. Pricing for the signs (delivery included) will be in accordance with Table 1. All final sign designs shall be approved by the District before the Contractor is tasked with sign fabrication services. Additionally, the District may consider alternative design suggestions proposed by the selected Contractor, provided the designs meet District durability requirements while reducing program costs. Upon request, the Contractor shall assist the District with graphic sign design services in accordance with the hourly rate and estimated number of hours contained in Table 2. At the District's discretion, a photo can be provided to the Contractor in place of a digital file for a sign design. As part of a Task Order, the Contractor will provide the District the final graphics for each sign in a pdf format and the final design file from the contractor's software.

The Performance Bond shall be returned to the Contractor within thirty (30) days of successful completion of all terms and conditions of this Agreement.

## **SECTION 8. TIME OF PERFORMANCE**

- A.** Time is of the essence for each and every aspect of this Agreement. Where additional time is allowed to complete the Work, the new time limit shall also be of the essence. All provisions of this Agreement that by their nature extend beyond the Project Schedule (SECTION 1.D) shall survive termination or expiration of this Agreement.
- B.** This Agreement is effective on the last date of execution by a party and shall remain in effect through the end of the Project Schedule.
- C.** The Contractor shall proceed with the Work at such rate of progress to ensure full completion within the Project Schedule. It is expressly understood and agreed by and between the Contractor and the District that the Project Schedule is a reasonable amount of time in which to complete the Work, taking into consideration the average climatic and economic conditions and other factors prevailing in the locality of the Work.
- D.** If the Contractor shall fail to complete Work within the Project Schedule, or extension of time granted by the District, then the Contractor shall be in default after the time stipulated in this Agreement and may forfeit the Performance Bond(s) required in SECTION 7.
- E.** Project Schedule means the period that this Agreement remains in effect, specifically from ***date of execution until 1,096 days following the date of execution***. Each Task Order issued will contain a specific Project Schedule for the Task Order.

## **SECTION 9. FORCE MAJEURE AND DELAYS**

- A. Force Majeure.** The Contractor shall not be liable for failure to carry out the terms of this Agreement to the extent such failure is due to a force majeure event, except for failures that could have been reasonably foreseen and guarded against so as to avoid or reduce the adverse impact thereof. Delay.** The Contractor shall not be compensated for delays caused by Contractor's inefficiency, rework made necessary by Contractor's error, failure to perform the Work as scheduled, or any other corrective or productivity measures made necessary by errors, omissions, or failures to properly perform the Work. Within ten (10) days after the onset of a delay, Contractor shall notify the District in writing of the delay, which shall provide: (a) a detailed description of the delay and its probable duration, (b) the specified portion of the Work affected, and (c) the Contractor's opinion as to the cause of the delay and liability (if any) for the delay. Notices provided more than ten (10) days after the inception of the delay shall only be effective as to additional costs or delay incurred during the ten-day period preceding receipt of such notice. In the case of a continuing delay for the same cause, only one (1) notice of delay is necessary. Failure to provide this notice waives any claim for extension of time or additional compensation resulting from such delay. If the delay is due to the failure of another District Contractor to complete its Work in a timely manner, changes ordered in the Work, a force majeure event, or any other cause which the District, in its sole judgment and discretion, determines to justify the delay, then this Agreement may be extended as necessary to compensate for the delay. All time extensions shall be in the form of a written amendment signed by both parties.

- B.** All deliverables, including Work not accepted by the District, are District property when Contractor has received compensation therefor, in whole or in part. For any Work subject to patent or copyright, such Work is a “work made for hire” as defined by the patent and copyright laws of the United States. Contractor shall not make any representation otherwise and, upon request, shall sign any documents so affirming.
