Commercial Automobile Insurance
Attachment E
Price Sheet Instructions

- 1 Bidders will download the Microsoft® Excel file Attachment E, Price Sheet. Review and follow these instructions and the general information as provided in the Price Sheet.
- 2 The Bidder is required to supply accurate and complete information.
- 3 The Price Sheet contains the most complete vehicle information available from each Named Insured at the time of the solicitation being posted as indicated in ITB Section 1.1, Timeline of Events.
- 4 The Price Sheet is locked and will move automatically to the areas highlighted in yellow where pricing, applicable statutory assessments, or fees are to be input, as applicable, in order to be considered for a policy period.
- 5 A Bidder may provide pricing for either Policy Period 1; or Policy Periods 1 and 2. No other combination of Policy Periods will be accepted or scored by the Department. Failure to provide consecutive pricing will result in the Bid being deemed non-responsive. Information regarding how the pricing provided will be scored is specified in the ITB, with specifics in ITB Section 2.6, Basis of Award.
- 6 Bidders not submitting pricing for Policy Period 2 should not input any data into those pricing fields; pricing fields are coded for a numeric response, and anything other than a numeric response will render an error code in the Calculated Premium cell.
- 7 The Price Sheet will automatically discount Bids for Multiple Policy Periods in accordance with ITB Section 2.6, Basis of Award.
- 8 The most recent ten-year inflation rate from the Survey of Professional Forecasters as of the 2nd Quarter of 2021 can be found below:

- 9 For each Policy Period for which the Bidder intends to submit a Bid, the Bidder must input a pricing response as indicated below:
 - a. For each Policy Period bid, Bidders shall provide an annual premium for each vehicle for each Named Insured listed in the Price Sheet.
 - b. Coverage for all vehicles shall include Liability, PIP, Medical Payments, Collision and Other Than Collision; except for:
 - 1 Current Policy Vehicle Number FL-088, 2016 FVXL KITCHEN TRAILER, VIN 4U3J04827GL015336 requires only Liability coverage
 - 2 Current Policy Vehicle Number FL-089, 2017 FREEDOM TRAILER, SWKBE1014H1045810 requires only Collision coverage
 - c. Bidders should **not** include Uninsured Motorist coverage, as this coverage is not being requested under this policy.
 - d. Bidders should **not** include Terrorism Risk Insurance (TRIA) premium pricing, as this coverage is not required on this policy.
- 10 If there are any assessments or fees associated with the proposed Insurance Policy, they must be identified as follows:
 - a. If any statutorily required and authorized assessments are to be included, identify the name of that assessment, and its applicable percentage of the premium subtotal associated with the applicable Policy Period. The Price Sheet will auto-calculate the associated cost for the assessment for that Policy Period.
 - b. Any other fee shall be identified by name; and Bidder shall input the total annual cost of that fee for the Policy Period bid.
 - c. For an inspection fee, if applicable, a Bidder must input the associated total annual cost for the Policy Period bid.
 - d. In accordance with subsection 626.932(4), Florida Statutes, surplus lines tax fees shall not be assessed.
- 11 If awarded a Contract, the Bidder (Contractor) will not be allowed to impose any fee not listed in the Price Sheet for a Policy Period, unless required by statute.
- 12 Other than providing the required bid information within the Price Sheet, the responding Bidder may not alter the information, specifications, or contents of the Price Sheet, as created by the Department. Any such alteration of the Price Sheet specifications or contents may result in the Bidder being deemed non-responsive and its response not scored. Bidders are reminded that only one Price Sheet may be submitted by a Bidder.
- 13 Once filled-in, upload the filled-in Microsoft® Excel file within the MFMP Sourcing Application. Do not convert the Price Sheet to a PDF.
- 14 If there is a conflict between this Instructions tab and the Price Sheet tab, the Instructions on this tab will control.

Description:		I was leaving an FAU dinner in Mizner Park on 1/30/19. It was approximately 9:00pm. I was turning right onto federal and there was a car also turning right in front of me. I was looking left to make sure there was no oncoming traffic (there was no-one on the road) and I mistakenly assumed the car in front of me had turned since there were no cars. I then moved up and hit their back bumper. I was going approximately 5 mph upon impact. I got out of the car and the woman I hit indicated that she was an insurance agent and did not want to get a police report. I complied and sent her a picture of my license and insurance card. My car was barely effected except for a little scrape on the front bumper.
