This addendum is to provide all potential applicants with [answers](#) to questions received in reference to this Notice of Funding Opportunity.

**Question / [Answer](#)**

- 1. We are applying for an Urban Forestry Education & Information Grant and have a question regarding Performance Site/Locations (page 17 of grant application). We are proposing a PSA that would air on local television stations and radio. Should we list the site location as our office or would we be required to include the location of where actual filming is shot?**

[In this scenario, the applicant's office where a majority of the grant administration will take place is an acceptable performance site.](#)

- 2. On page 15 of the Urban Forestry Grant application the directions stated key personnel are individuals who contribute in a substance and meaningful way to the development of the project. We would probably need to include 5 or 6 individuals. Should we print out extra pages for each individual?**

[Yes, please include an extra page for each key staff person.](#)
