

#	QUESTION	Applicable to which section? (Solicitation Section Number and Paragraph)	<u>DEPARTMENT'S RESPONSE/ANSWER</u>
1	Regarding this bidding opportunity, it appears to be only for the collection services portion. While we intend to bid for this, we are also an AABB accredited laboratory (Vanguard Genetics LLC DBA Alliance DNA Laboratory). Is it possible to bid for the lab processing portion at the same time or is this a different bid? If it is separate, is there an open bid for this or can you tell me when this bid will be open?		The Department is currently contracted with a testing vendor. There is no open bid for such.
